## CHAIRPERSON'S NOTE

*Dear Well Wishers, Supporters and Friends,*

As the founder president of SANRAKSHAN Organization, it is with great pleasure and excitement that I share with you the highlights of our endeavors during the fiscal year of 2023-2024. This past year has been a testimony to the power of collective action, relentless momentum and unwavering dedication. With the invaluable support of our stakeholders and donors (both corporate and individual), we have been able to make significant progresses in our mission to support the care, protection and education of underprivileged children.

SANRAKSHAN - Society for Protection of Children emerged in August 2020 while the COVID'19 was in its peack. Nonetheless the effort to come together for the cause of the children in difficult situation and also the children in street situation was a passion for the Sanrakshan family members at their personal and professional levels since 2015, but the initiative was legalized when Sanrakshan was formed and registered. It is a HUMANIST organization for the betterment of the young citizens of the country. Sanrakshan is committed to the cause of underprivileged and marginalized community, such as children, women and youth of the country with active intervention in Karnataka, Bihar and Uttar Pradesh. The key focus has been on child rights and child protection, particularly for the cause of vulnerable children who are deprived of family care for many reasons and exposed to high risks.

Together, we have empowered countless young minds, providing them with the tools and opportunities they need to unlock their full potential. Through our various initiatives and programs, we have worked tirelessly to bridge the gap in educational access and ensure that no child is left behind. None of our achievements this year would have been possible without the generosity and commitment of each and every one of you. Your contributions, whether big or small, have made a noticeable difference in the lives of those children we serve. As we reflect on the past year and look ahead to the future, I am filled with a profound sense of gratitude and optimism. Together, we have laid a strong foundation for continued growth and impact, and I am confident that with your continued support, we will achieve even greater heights in the years to come.

Sanrakshan in last five years, emerged as a leading child protection organization under the guidance, motivation and support from a host of Esteemed Patrons like Shri Pramod Kulkarni (Founder of SATHI organization and recipient of the President's Award); Dr. Lalitha Iyer (Institutional Development Consultant); and Ms. K. Anuradha (CEO of Rainbow Foundation of India); along with blessings and guidance of Justice Shri Sudhir Saxena, Justice Shri Amar Sharan and many Bureaucrats.

During this period, we have undertaken major projects like Child Care Institutions for Vulnerable Girl and Boy Children, Family Based Care, Savithri Bai Phule Community Care Learning Centre, Future Programme. We are thankful to the supporters like RFI, Government of Karnataka, Infosys Foundation, Plansource, Sineng, Accel, Alpha Elsec Aerospace Defence & Systems Pvt. LTD, BorgWarner, Smile Foundation and many more to keep our work continue to secure the future of the vulnerable children, especially girls.

Thank you for your unwavering belief in our mission and for your continued partnership in creating a brighter, more equitable future for all.

**Dr. Ramanath Nayak**  
**Chairperson**  
**Sanrakshan Organization**

## VICE-CHAIRPERSON'S NOTE

*"Children are not things to be molded, but people to be unfolded."*

– Jess Lair

Every year at Sanrakshan Rainbow Home brings new stories, new challenges, and moments that remind us why we started this journey in the first place. As Vice Chairperson, it fills me with quiet pride and heartfelt gratitude to reflect on the progress we have made this year. Our work is not just about giving support—it is about walking hand-in-hand with every child, every family, and every community we touch.

In the last few months, we have seen many young girls achieve academic milestones that once seemed distant. Some cleared their board exams with shining results, while others began their educational journey through new admissions. A few moved out to

pursue higher studies in government hostels—a big step towards independence. At every stage, our goal has been to ensure that no child feels left behind.

Education, to us, is more than just books. This year, we focused deeply on life skills and exposure-based learning. Our children participated in sessions that taught them how to manage money, understand online safety, care for their health, and stay prepared during emergencies. The visits to universities, museums, hotels, tech companies, and even beauty parlours helped them imagine a world beyond their immediate surroundings.

We also saw the importance of fun, culture, and expression. Whether it was fireless cooking, craft-making, or festival celebrations, these simple joys gave our children a sense of belonging. Watching them take part in BALAMELA and UDAAN camps, seeing their confidence grow, and their friendships deepen—these are the things that keep us going.

One of the most encouraging parts of this year has been the active involvement of parents and communities. Through workshops and collective meetings, we opened channels for dialogue, trust, and mutual learning. Slowly but surely, families are becoming allies in our mission.

None of this would have been possible without the support of our partners, volunteers, and donors. Your belief in our work has helped us expand infrastructure, train our team, and improve our systems. You have shown us that kindness, when combined with structure and vision, can change lives.

As we step into a new year, our commitment remains the same—to stand by every child and give her the tools to build her own future. Thank you for being a part of this shared purpose.

**Manju Singh**  
Vice-Chairperson  
Sanrakshan Organization

## FOUNDER/EXECUTIVE SECRETARY'S NOTE

It gives me great joy to present the Annual Report of Sanrakshan Rainbow Home for the year 2024-2025. This year has been filed with meaningful progress, valuable learning, and collective efforts. To ensure that every child and youth, especially those from underprivileged and marginalized communities, enjoys the right to family care and love, quality education, healthcare, and skill training, empowering them to lead a dignified and fulfilling life. From celebrating the academic achievements of our children in SSLC exams to welcoming 13 new girls and supporting young girls from the Kolebasava community, we've stayed committed to our mission of creating a safe and empowering environment.

Our focus on identity access continued through Aadhar card camps, while five young adults took steps toward independence by joining government hostels for higher education. We introduced life skills sessions on financial literacy, menstrual hygiene, cyber safety, and disaster preparedness, and expanded children's horizons through exposure visits to universities, museums, banks, and institutions. Health and well-being remained central to our efforts. With support from Doctors for Seva, Rangadore Memorial Hospital, and Baravase, we organized eye and dental camps, leading to surgeries, dental treatments, and free spectacles. IQ and general health assessments helped us better address the developmental needs of our children. We worked with DCPO and BOSCO to raise awareness on adoption and child rights, and were proud to rehabilitate a young adult through documentation, counselling, and vocational support.

Our community engagement deepened through family interaction sessions, dry ration distribution, and the formation of Parents Collectives and Children's Committees. Parenting workshops by BOSCO and Trishula Thast helped strengthen family support systems. Cultural celebrations and camps like BALAMELA and UDAAN enriched children's lives. On the infrastructure front, we inaugurated Sankalpa Makkala Dhama for boys, began construction at Rainbow Home, and installed solar panels with support from BorgWarner. Our partnerships with corporate and community organizations like Infosys Foundation, SAP, Hexaware, and more were vital in carrying out activities and trainings for our team. Our advocacy efforts impended through collaboration with DWCD, CWC, police, and education departments.

I am deeply grateful to all supporters and team members who walk with us in this journey. Together, let us continue to protect childhood and build a future rooted in care, dignity, and opportunity.

# ABOUT US

Sanrakshan is a Bangalore-based NGO established in 2020, working in Bangalore towards addressing child protection issues. With a dedicated team of 20+ full-time employees and volunteers from Schools of Social Work, the organization focuses on rescuing and rehabilitating children in vulnerable situations, such as those living on the streets or in traumatic conditions. Led by Mr. Rajashekhar, an expert with 25 years of experience in child protection, Sanrakshan benefits from the guidance of distinguished advisors and a 13-member Board comprising professionals from reputed organizations like UNICEF, Save the Children, and Tata Trust. Over the past three years, the NGO has successfully supported more than 450 children, providing them with safety, shelter, education, and holistic development.

## VISION

A world where every child enjoys her/his right to life with dignity and complete childhood without discrimination of any kind and free from abuse, violence, exploitation and neglect.

## MISSION

To work as a catalyst in bringing sustainable change in the lives of the underprivileged and marginalized communities, such as children, women and youth.

## GOAL

The goal of SANRAKSHAN is to see that no child and youth, especially from the underprivileged and marginalized communities, should be deprived of his/her right to family care and love; quality education; medical and healthcare; skill training for a decent job so as ensured a humanely and dignified life.

## CORE BELIEFS

- Every child has the inherent right to life, dignity, and equality. Sanrakshan believes in ensuring that all children, regardless of background, are treated with respect, free from discrimination, and empowered to thrive.
- Sanrakshan firmly believes that every child deserves to grow up in an environment free from abuse, violence, exploitation, and neglect. Protection and safety are fundamental to enabling children to reach their fullest potential.
- Every child should have equal access to quality education, healthcare, nutrition, and social services. Sanrakshan advocates for opportunities that support a child's development, allowing them to lead a healthy and fulfilling life.
- Sanrakshan stands against all forms of discrimination, ensuring that children from all walks of life—irrespective of gender, caste, religion, or socioeconomic status—have equal access to rights, opportunities, and a fulfilling childhood.
- The organization believes in working together with communities, governments, and other stakeholders to empower children and families. Collaboration strengthens collective efforts to create lasting, systemic change for children's wellbeing.
- Sanrakshan believes in creating sustainable solutions that have a long-lasting positive impact on children's lives. The focus is not only on immediate relief but also on building resilient communities that support children's rights for the future.
- The organization is committed to advocating for laws, policies, and practices that protect and promote children's rights. By actively engaging in policy reform and raising awareness, Sanrakshan strives to build a more just and child-friendly society.

# What We Do // Where We Work

## **Review and Audit**

A financial audit was conducted by Chartered Accountants from Ray & Ray Company. This audit, initiated by Rainbow Foundation India, confirmed fair and accurate financial reporting. Program effectiveness was reviewed by Alpha-Elsec Aerospace Pvt. Ltd. representatives.

Ms. Ambika Savitry and Mr. Kishor interacted with children and staff during their assessment. Their visit focused on understanding the program's real-time impact on beneficiaries. The team gathered insights and offered valuable suggestions for development. Additionally, a monitoring review was conducted by the City Desk Mr. Jaikar and Ms. Manjula Ullal provided practical feedback on records and operations. These evaluations support continuous improvement and uphold Sanrakshan's commitment to quality care.

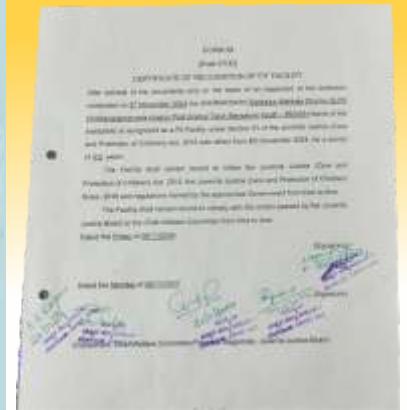

# Certifications/Appreciation

## Fit Facility Certification

Sankalpa Makkala Dhama received the Fit Facility Certificate, recognizing it as a childcare institution meeting the standards of care and protection under the Juvenile Justice (Care and Protection of Children) Act, 2015. This certification enhances its credibility and ensures a safe, nurturing environment for boys in need.

## Sanrakshan Rainbow Home Award

The Baravase NGO honored Sanrakshan Rainbow Home with an award for its dedication to child welfare and empowerment. This recognition highlights the organization's commitment to improving the lives of vulnerable children.

## Team Recognition

Sanrakshan team members were honored with shawls and mementos during a Children's Day celebration at DCPU, Central, in recognition of their dedication to child protection and support.

## Rainbow Foundation India Recognition

Sanrakshan, as a Rainbow Home implementing partner, received a token of appreciation at a valedictory ceremony organized by Rainbow Foundation India and the Partnership Foundation, acknowledging its continued efforts in child welfare.

# Milestones of SANRAKSHAN Organization (2020–25)

## ● 2020–2021: Founding and Early Interventions ●

**Establishment:** SANRAKSHAN was registered as a national-level NGO in 2020, focusing on child rights, protection, and education.

**First Residential Home:** Launched Baalika Brundavana, a shelter for 30 vulnerable girls in Bangalore, in collaboration with the Karnataka Department of Public Instruction.

**Government Collaboration:** Initiated interventions in 6 government children's homes across Uttar Pradesh and Bihar, restoring 60 children to their families.

**COVID-19 Response:** Provided essential support to children in institutional care during pandemic, including health camps and hygiene awareness

## ● 2021–2022: Expansion and Recognition ●

**Rainbow Home Partnership:** Took over management of the Sanrakshan Rainbow Home in Domlur, Bangalore, expanding capacity to 50 girls in Govt. higher Primary and High school Joognahalli Rajaji Nagar.

**Community Programs:** Launched the Community-Based Care (CBC) program in Rayasandra, offering education and nutrition support to 72 marginalized children.

**Advocacy:** Conducted advocacy meetings with government officials, including the Karnataka Directorate of Child Protection, to strengthen child welfare systems.

**Awards:** Recognized by the District Child Protection Unit for outstanding service to vulnerable children.

## ● 2022–2023: Institutional Growth and Innovation ●

**Future Program:** Introduced support for care leavers (ages 18–23), offering career counseling, vocational training, and higher education assistance.

**Health Initiatives:** Organized quarterly health camps with partners like Aster CMI and Doctors for Seva, benefiting 100+ children annually.

**Educational Achievements:** Two girls from the shelter cleared SSLC exams with good marks (83% and 53%).

**Corporate Partnerships:** Secured funding from Luxoft, Debrique Creative Labs, and Sineng Electric for infrastructure and nutrition.

**Legal Compliance:** Received certification under Section 51 of the Juvenile Justice Act, affirming SANRAKSHAN as a registered Child Care Institution (CCI).

## ● 2023–2024: Scaling Impact and National Recognition ●

**UNICEF Collaboration:** Recognized with an "A grade" for program excellence and child-centric interventions.

**Scholarship Program:** Launched mentoring and scholarship initiatives for girls in Chikkaballapur and Doddaballapur, Karnataka.

**Special Juvenile Police Unit (SJPU):** Partnered with 32 police stations in Bangalore to counsel 150+ children in conflict with the law.

**Media and Visibility:** Featured in local media for Chandrayaan-3 celebrations and advocacy events.

**4-Year Anniversary:** Celebrated with testimonials from beneficiaries, including girls who transitioned to nursing diplomas and PU education.

## ● 2024-2025: Sanrakshan's Holistic Achievements ●

### Academic Progress & New Beginnings

- 168 Children Empowered Across Our Programs. Two of our students, Rajeshwari (77.6%) and Eshwari (69.12%), stood out with commendable performance in the SSLC exams.

### Expanding Horizons Through Exposure

- Organized insightful career exposure visits to reputed institutions including Azim Premji University, HAL Heritage Centre, IDFC Bank, and Adobe, broadening the children's understanding of future opportunities.

### Growth, Infrastructure & Recognition

- Inaugurated Sankalpa Makkala Dhama, a boys' home supported by Sri Aroon Raman.
- Improved infrastructure with the installation of solar panels (funded by BorgWarner) and renovation of our Learning Centre (supported by Alpha Elsec Aerospace).
- Upgraded Sankalpa Makkala Dhama facilities with Dormitory partitions, Dedicated rooms for medical care and counseling, Kitchen and 4 toilets constructed through Plansource funding, 4 additional toilets built with support from the Open Door Foundation

### Child Protection & Community Collaboration

- Established the Community Child Protection Committee (CCPC) in Rayasandra, strengthening local child safety frameworks.
- Forged new CSR collaborations with the Infosys Foundation.
- Engaged volunteers from SAP, Accenture, Wells Fargo, and Micron to enrich our programs and connect communities.

### Creating Holistic Impact

- Provided safe housing, consistent care, and holistic support-enhancing children's physical, emotional, and mental well-being while strengthening their education and skill development for long-term independence and success.

# Highlights of the Year 2024-25

- ◆ **Honoring Ceremony at Sanrakshan:** We hosted a special honoring ceremony to celebrate individuals excelling in social work, education, health, and child welfare. Esteemed guests like Dr. Krishnappa and Sri Sridhar Kote were felicitated by our children, making the moment truly meaningful. The event inspired children by connecting them with role models who shared their success stories.
- ◆ **CCI Register Training:** Our team underwent comprehensive training on maintaining registers in the Child Care Institution. The session focused on legal compliance, confidentiality, and documentation practices. This training helps ensure transparency and upholds the safety and rights of every child in our care.
- ◆ **Marriage Support for CNCP Girl:** We supported the marriage of a CNCP girl who completed vocational training and secured employment. Legal documentation, counseling, and family preparation were handled with care. We also assured continued support, standing beside her in all future needs.
- ◆ **CSR Infrastructure Upgrade:** With CSR funding from Alpha Elsec Aerospace & Defense Pvt. Ltd., we upgraded the infrastructure of our educational institution. Modern classrooms and learning tools were developed to create an engaging environment. This initiative improves both learning outcomes and community development.
- ◆ **TCS Marathon Participation:** With support from Rise Against Hunger, Sanrakshan children and staff took part in the TCS Marathon. The event celebrated fitness, inclusion, and community spirit. Children had a memorable time engaging in various marathon categories.
- ◆ **Visit to DCPU Anekal:** A teacher from our Learning Centre visited DCPU Anekal to share an overview of Sanrakshan's programs. The session highlighted our work in education, health, and community development. It strengthened our collaboration in protecting child rights and welfare.
- ◆ **Rise Against Hunger Partner Meet:** We attended the Rise Against Hunger India partners meeting to discuss community nutrition and sustainability. Stakeholders shared success stories, collaborative ideas, and future goals. It was a valuable space to renew our collective commitment to ending hunger.
- ◆ **STAR Program Outreach:** Under the STAR Program, children from Sanrakshan helped distribute blankets and food near Magadi Road and Majestic. This outreach brought warmth and relief to underserved individuals. It also helped instill compassion and social responsibility in our children.
- ◆ **Sankalpa Makkala Dhama:** SANRAKSHAN launched a new home for vulnerable boys, with generous support from Sri Aroon Raman and his family in memory of late Sri V. Raman. This initiative aims to provide education, emotional care, and life skills to marginalized boys. The inauguration was graced by Shri Gopinath (Hon'ble MLC), Sri Aroon Raman, and other dignitaries from the government and partner organizations.
- ◆ **“Wishes Do Come True” Outing:** The Rotary Club of Bangalore treated Sanrakshan children to a dream outing at the Sheraton Grand. Children received personalized gifts and enjoyed a delicious meal. The experience created lasting joy and celebrated the importance of community support.
- ◆ **Aidbees Marathon Meeting:** Mr. Rajashekhar and Ms. Sindhu attended the Aidbees meeting hosted by TCS, discussing NGO fundraising strategies. They explored ways to increase participation through charity bibs and team registrations. The platform opens new avenues for awareness and donor engagement.
- ◆ **Annual Calendar Launch 2025:** We launched our 2025 Calendar at the Directorate of Child Protection Office with dignitaries including Mr. Raghavendra T and Sri Suresh Kumar. The calendar features monthly themes on child rights and welfare laws. It was praised for its creative advocacy approach.
- ◆ **MLA’s Motivational Visit:** MLA Suresh Kumar visited Jognahalli School to motivate SSLC students. He shared encouraging words to help them overcome exam stress and build confidence. His visit uplifted the spirits of the students ahead of their board exams.
- ◆ **Infrastructure Development:** With the generous support of PlanSource, Sankalpa Makkala Dhama inaugurated new kitchen and bathroom facilities, aiming to improve hygiene and nutrition for the children. The event was attended by distinguished guests including Mr. Veeranayagam Arumugam (Director of R&D, PlanSource), Mr. Aditya Mehta, Ms. Anusha Rajeswaran, and Ms. Akanchha Priya, reflecting PlanSource's commitment to social responsibility. Local Gram Panchayat members Mr. Madhan and Mr. Guru Venkatesh also joined, showcasing strong collaboration between corporate and local bodies. The collective participation made the event memorable and marked a vital step toward better living conditions and a healthier future for the children.

# **Programme 1: Empowering Street and Vulnerable Children through Child Care Institution**

## a) Sanrakshan Rainbow Home

Sanrakshan Rainbow Home is a Child Care Institution dedicated to supporting vulnerable girl children between the ages of 7 to 18 years. It provides a safe, nurturing, and inclusive environment where children from disadvantaged backgrounds-often facing neglect, poverty, or unstable family conditions-can grow, learn, and thrive.

With a focus on holistic development, the home ensures access to formal education, healthcare, nutritious meals, emotional support, and life skills training. Its child-centered and participatory approach encourages girls to actively engage in their daily routines and decision-making processes, fostering confidence, responsibility, and a sense of belonging.

Through this comprehensive model of care, Sanrakshan Rainbow Home empowers young girls to reclaim their childhood, build resilience, and move toward a future filled with hope and opportunity.

# **Children's Enrollment List by Class**

## **Yoga and Exercise**

To promote physical fitness and mental well-being, regular yoga and exercise sessions were conducted for the children throughout the year. Led by skilled instructors, these sessions included a combination of stretching exercises, breathing techniques, and meditation practices that not only helped enhance physical flexibility and strength but also supported emotional balance and concentration. During the summer camp, yoga remained a central activity, playing a significant role in improving the children's overall posture, coordination, and mental focus.

A highlight of the year was the grand celebration of International Yoga Day on June 21<sup>st</sup>, which was organized with the support of the Honorable MLA of Rajajinagar. Children and staff from Sanrakshan gathered together in a spirit of unity and wellness to participate in the event. The session featured a series of sun salutations, group meditations, and mindfulness exercises that left a lasting impact. This collective celebration fostered a deep appreciation for the ancient practice of yoga, encouraging all participants to continue nurturing their bodies and minds with discipline and care. The serene energy of the day served as a reminder to carry the spirit of yoga into everyday life, spreading health, positivity, and inner peace.

## **Education**

At Sanrakshan, education remains central to our mission of empowering children with the knowledge and skills they need for a brighter future. In recent months, we've taken several key steps to ensure every child receives consistent, high-quality, and supportive learning opportunities. All children are now enrolled in formal schools appropriate to their age and learning levels. To track and enhance their academic progress, monthly assessments are conducted, helping identify gaps and tailor support accordingly. Daily remedial classes focus on strengthening foundational subjects like Mathematics, English, and Science, with personalized attention from educators. Overseeing all these efforts is a dedicated Education Coordinator, who ensures ongoing academic support, school coordination, and individual mentoring. These initiatives reflect our commitment to not only schooling but meaningful learning outcomes.

As the academic year advances, several children have transitioned out of Sanrakshan to pursue higher education. In their place, we have welcomed 13 vulnerable girls from diverse backgrounds

into our Sanrakshan Rainbow Home for the academic year 2024–25. This new intake marks our continued dedication to offering a safe, inclusive, and nurturing environment where every girl has access to education and the resources essential for her growth and well-being.

## Extra-Curricular Activities

At Sanrakshan Rainbow Home, creative and extracurricular activities play a vital role in nurturing children's confidence, self-expression, and talents. The recent summer camp was filled with vibrant sessions in karate, dance, painting, t-shirt art, and drawing—offering children joyful opportunities to explore their interests and abilities. Dance classes and competitions provided structured platforms for performance and teamwork, while initiatives like comic book reading (by Rainbow Foundation India) and nutrition-themed drawing contests promoted literacy and healthy living in fun, engaging ways. The Prakruthi Foundation enriched the experience further by organizing interactive workshops in bangle-making and earring design, sparking imagination and encouraging fine motor skills. A fireless cooking activity also helped children develop healthy eating habits and basic culinary knowledge. These initiatives not only enhanced artistic and life skills but also created meaningful, collaborative experiences that uplifted the children's emotional and social well-being.

## Exposure Visits

Children at Sanrakshan Rainbow Home engaged in a series of enriching visits and events that promoted cultural awareness, intergenerational bonding, and creative exploration. They attended Nruthya Dharpana, a classical dance program that deepened their appreciation for traditional art forms and cultural heritage. Younger children visited an old age home, fostering empathy and emotional connection across generations through shared activities and conversations.

Exposure visits to the Pottery Institute and Janapada Loka provided hands-on learning about traditional crafts and folk culture, while a trip to Indian Music Experience introduced them to diverse musical instruments and genres through interactive exhibits.

The children also participated in creative workshops at Yello Co-living, where they enjoyed painting, storytelling, and cultural games. Additionally, the OneSight EssilorLuxottica Foundation facilitated eye check-ups and distributed free spectacles to children in need, ensuring their vision health supports their learning and development.

These initiatives enriched the children's knowledge, creativity, and sense of cultural identity, while nurturing compassion, confidence, and curiosity beyond the classroom.

## Lifes kills

At Sanrakshan Rainbow Home, life skill education is an essential part of nurturing well-rounded individuals. Beyond academics, children need the ability to make informed decisions, protect themselves, communicate effectively, and adapt to challenges. To this end, a series of structured life skill sessions were conducted, aiming to empower children with the knowledge and confidence to face real-world situations safely and responsibly.

The sessions covered a wide range of vital topics. The District Child Protection Unit and BOSCO conducted awareness programs on child rights, child labor, abuse, trafficking, and the importance of child helplines like CHILDLINE 1098, helping children recognize risks and know how to seek help when needed. Sadhana Mahila Sanga facilitated sessions on personal safety, focusing on identifying safe and unsafe touch—especially crucial for younger children.

To build emergency preparedness, Mr. Nirmal led a dynamic session on disaster management, which included evacuation drills, basic first aid, self-defense training, and emotional coping strategies—skills that enhance resilience in times of crisis. Meanwhile, DCPO (Mrs. Sumithra) and BOSCO (Mr. Hanumanth) conducted an awareness session on adoption, helping children understand the legal processes and reducing stigma through fun, interactive activities.

Literacy and imagination were nurtured through Pratham Books' 'One Book One Story' program, where children engaged in storytelling sessions led by Reading Champions. This not only encouraged a love for reading but also built listening, comprehension, and reflective thinking skills.

These life skill sessions are vital as they help children develop critical thinking, emotional intelligence, personal safety awareness, and social responsibility. They foster independence, boost self-esteem, and prepare children to navigate life with confidence and resilience. Through such holistic initiatives, Sanrakshan continues to create a safe, informed, and empowered environment for every child.

## Nutrition

A well-balanced diet was consistently prioritized to ensure the healthy growth and development of every child. Nutritious meals were served daily, carefully planned to include all essential food groups. During events, camps, and special outings, additional attention was given to providing healthy and tasty snacks that the children could enjoy while also benefiting from vital nutrients. These dietary practices played an essential role in supporting the children's physical health and cognitive function.

A team from Rise Against Hunger India (RAHI) visited Sanrakshan Rainbow Home to conduct an implementation analysis regarding the meal packets provided by RAHI. The assessment involved quantitative data collection from the children of Sanrakshan Rainbow Home to evaluate the nutritional impact and effectiveness of the food support program. Additionally, the team conducted a focused group discussion and in-depth interviews with Sanrakshan team members to gain insights into the program's effectiveness and areas of improvement.

## Health and Hygiene

Sanrakshan Rainbow Home prioritizes the health and hygiene of every child through regular medical interventions and awareness programs. In collaboration with partners like Doctors for Seva, The Oxford Dental College, Baravase Organization, and Rangadore Memorial Hospital, multiple health camps were conducted, offering general health check-ups, dental care, and eye screenings.

A significant milestone was the HPV Vaccination Drive held in April 2024 with support from St. Claret College and Karkinos Organization, aimed at protecting adolescent girls from cervical cancer. Complementing this, menstrual hygiene and personal hygiene awareness sessions were held, educating children on safe practices and essential self-care habits like bathing, handwashing, and grooming.

A comprehensive vaccination drive, in coordination with the Primary Health Centre, ensured that all children received age-appropriate immunizations. These collaborative efforts have played a vital role in fostering a culture of health, hygiene, and preventive care at the home.

## Mental Health and Well-being

This academic year, Sanrakshan Rainbow Home implemented a range of initiatives aimed at promoting the mental health and overall wellbeing of its children. These efforts combined counseling services, group activities, value-based learning, and life skills development to create a safe, nurturing, and growth-oriented environment.

A total of 150+ individual counseling sessions with a range of structured mental health and counseling interventions were conducted for children focusing on individual well-being, one-on-one emotional support to children dealing with self-esteem issues, behavioral concerns, academic stress, and social difficulties. These sessions were complemented with regular follow-ups to track progress and provide continuity of care.

Regular individual counseling sessions formed the backbone of the support offered, emphasizing behavior modification, emotional regulation, and creating a safe empathetic environment for children to express themselves. These sessions were often initiated in response to staff referrals and behavioral concerns, while also tailoring psychotherapeutic interventions for children as per directives by the Child Welfare Committee (CWC) after being produced before them.

Age-appropriate group counseling sessions were conducted to foster emotional and social development. 20 group sessions were carried out with a focus on emotional expression, communication, and interpersonal skills. Interactive activities such as "Sharing & Taking Turns," and group discussions on self-esteem and managing emotions allowed children to build trust, express themselves openly and strengthen peer connections.

In addition to that, 8 life skills sessions were conducted to help children develop essential competencies like self-awareness, empathy, decision-making, and healthy coping strategies. February's theme of Self-Love and Self-Care was especially impactful, incorporating creative activities

such as “Self-Love Collage,” “Gratitude Jar,” “Self-Care Charades” and a “Self-Kindness Pledge,” which encouraged children to appreciate themselves and others.

Value education was a key component of the program. Children across Grades 1–9 participated in sessions featuring moral education videos followed by reflective discussions. These sessions focused on core values like respect, honesty, kindness, moral reasoning and responsibility, helping to reinforce positive behavior and ethical decision-making. Teens received interventions focused on motivation, emotional wellness & self-regulation, particularly addressing issues relevant to adolescence.

Recognizing the importance of emotional health, Sanrakshan placed significant emphasis on psychological well-being. Regular counseling sessions were offered to children to address emotional challenges, trauma, and behavioral issues. Restorative Circles, held in June 2024, created safe spaces for storytelling, sharing, and reflection. These circles especially benefited a group of eight girls, strengthening their sense of belonging and community through creative exercises like drawing and dialogue.

Psycho-educational workshops and discussions, including TED Talk-based sessions, covered key topics such as self-awareness, compassion to self and others. These sessions were designed to build resilience, improve interpersonal relationships and build holistic wellness among children.

Conflict resolution and decision-making was a key facilitation during Children’s Committee and Bala Sabha meetings, using solution-focused approaches to help children and staff navigate day-to-day issues. Special attention was also given to children undergoing academic milestones. Pre-SSLC (board exam) counseling included motivational mentoring, exam preparedness, and learning support, especially for children with specific learning needs.

Children’s overall wellbeing has seen encouraging progress. Many children have shown improved emotional regulation, greater self-confidence and better peer relationships. Their use of respectful language, attention in class and willingness to engage in group learning activities have all improved notably. Structured support and consistent engagement have created a more stable and emotionally secure environment for every child.

Combined with parental engagement and collaboration with welfare committees, these mental health initiatives have laid a strong foundation for continued growth, resilience, and emotional wellbeing at Sanrakshan Rainbow Home.

Therapeutic support was also provided for children who required individualized mental health care. In June 2024, specialized counseling was extended to a rehabilitated CNCP (Child in Need of Care and Protection) girl, offering legal support, assistance with documentation, and guidance on livelihood options. These initiatives aimed to ensure the children’s holistic healing and successful reintegration into society.

## Celebrations

Festivals and national holidays were celebrated with great enthusiasm, fostering a sense of cultural identity and joy. Events such as Ganesha Chathurthi, Dussehra festival, Mahashivarathri, Ramadan, and Christmas were marked by vibrant cultural performances, traditional ceremonies, and the distribution of gifts and treats. These celebrations allowed children to participate in dances, songs, and drama performances that reflected their creativity and team spirit.

Raksha Bandhan was another memorable occasion, where children engaged in making handmade rakhis and learned about the festival's cultural significance. Such celebrations brought a sense of belonging, joy, and unity among the children and staff, creating cherished memories and a festive atmosphere throughout the year.

At Sanrakshan Rainbow Home, the observance of important national and international days forms an integral part of value-based learning and awareness-building among children. Throughout the year, children actively participated in meaningful celebrations such as Street Children Day, World Day Against Child Labour, Youth Day, and National Girl Child Day, promoting child rights, equality, and empowerment.

Tributes were paid to great leaders and social reformers through events on Ambedkar Jayanthi, Gandhi Jayanthi, Savitribai Phule's Birth Anniversary, Subhas Chandra Bose Jayanti, and Lal Bahadur Shastri's Death Anniversary, where children learned about their contributions through speeches, art, and storytelling.

Educational and environmental awareness was nurtured through World Book Day, Earth Day, Environment Day, and World Cancer Day, while special days like Teachers' Day, Constitution Day, Social Justice Day, and Republic Day helped instill respect for civic responsibilities, justice, and the democratic values of our nation.

These observances are designed to foster curiosity, empathy, and a sense of social responsibility, helping children grow into informed and responsible citizens.

## Volunteer Engagement

Volunteers played a vital role in enhancing the quality of programs and enriching the children's lives. Dedicated individuals and corporate teams from organizations like Hexaware, SAP, Smile Foundation, and Micron, contributed their time and expertise through various activities. These included art and craft sessions, dance classes, career guidance workshops, and fun-filled recreational games.

The interactions with volunteers offered the children new perspectives, encouragement, and mentorship. These engagements not only created joyful learning moments but also demonstrated the power of community involvement in supporting the growth and success of every child at Sanrakshan.

## Parents meeting

Sanrakshan organized multiple Parents and Children Engagement Programs across its centers to strengthen family bonds and improve communication. Activities included workshops, games, and expert sessions on parenting, child rights, menstrual hygiene, and anti-child marriage laws. Speakers like Ms. Anjali Raman and Mrs. Nagaveni emphasized the crucial role of informed parenting in supporting children's emotional, educational, and personal development. These gatherings fostered collaboration between families and staff to ensure a nurturing and protective environment for every child.

## **Strengthening Child Protection through Committee Engagements**

Sanrakshan Rainbow Home regularly organized CPC, Management, and CWC visits to strengthen child protection and welfare. The Child Protection Committee (CPC) meetings held in June and later in the year brought together key stakeholders to review incidents, discuss psychosocial support, staff training, and child welfare. Children's suggestions from the box were read aloud and addressed, ensuring their voices were heard, with decisions made for follow-up action.

Management Committee meetings in August and February included DCPU officials, social workers, teachers, psychologists, and child representatives. The meetings promoted open dialogue on child-centric initiatives and addressed written complaints and suggestions from children.

The Child Welfare Committee (CWC) visit focused on reviewing living conditions, interacting with children and staff, and ensuring that all child protection protocols were being followed. These meetings and visits collectively reinforced Sanrakshan's commitment to transparency, responsiveness, and a nurturing environment for children.

## b) Sankalpa Makkala Dhama

**Sankalpa Makkala Dhama** was founded as a safe, nurturing Child Care Institution (CCI) for vulnerable boys aged 7 to 14 living in urban Bangalore. Many of these children come from backgrounds marked by homelessness, neglect, abuse, extreme poverty, or the absence of a caring adult. The home was created with a vision to restore their lost childhoods and dignity through a compassionate, child-centered approach.

Rooted in the principle of prioritizing each child's best interests, the program provides a secure environment where children receive emotional support, access to education, healthcare, and opportunities for personal growth. Beyond protection, the home is designed to foster resilience by offering life skills training, psychological care, and recreational activities.

### Background and Establishment

#### Vision and Planning

Sankalpa Makkala Dhama was conceptualized with the vision of creating a safe, nurturing, and empowering space for vulnerable boys. The planning phase focused on ensuring holistic development through structured programs in education, life skills, emotional well-being, and personal growth.

#### School Identification

Suitable government schools in Chikkanagamangala and S. Gandhinagara were identified to integrate Child Care Institution services. The selected locations were assessed for infrastructure, accessibility, and their potential to support the comprehensive needs of the children.

#### Permissions & Approvals

Engagements with key education officials, including the Block Education Officer (BEO) and the Headmaster of Anekal, led to a formal request being submitted to the Deputy Director of Public Instruction (DDPI). Approval was granted to proceed with the establishment of the Boys' Home.

## Identification of Beneficiaries

A focused effort was made to identify vulnerable boys in urban Bangalore who were in need of care and protection. The selection process was based on individual vulnerability assessments in alignment with child welfare guidelines.

## Inauguration & Community Support

The official inauguration of Sankalpa Makkala Dhama was held with the participation of distinguished dignitaries. Shri Gopinath, Hon'ble Member of the Karnataka Legislative Council, and Shri Aroon Raman, philanthropist and supporter, graced the occasion, affirming the importance of collaborative efforts in child welfare.

## Operationalization of the Home

With all groundwork completed, the Boys' Home was successfully established and made fully operational. The home now provides a secure and structured environment for boys to live, learn, and thrive.

## Legal Presentation of Children Before CWC

A Child Welfare Committee (CWC) sitting for boys was facilitated by the SMD team. Children and their parents participated in discussions focused on child welfare, rehabilitation, and the importance of creating a safe and supportive environment. The sitting provided an opportunity to address the children's needs and ensure their rights are protected, reflecting the collaborative efforts of the CWC and Sanrakshan in promoting child welfare.

## Nutrition

Ensuring the physical health and mental well-being of the children, Sankalpa Makkala Dhama prioritized the provision of nutritious and well-balanced meals. The boys received freshly prepared meals daily, which met their dietary needs and supported their overall growth and development. During festivals and special occasions, celebratory meals were arranged, adding to the joy of the day and helping the children experience cultural traditions through food. This consistent focus on nutrition reinforced the value of healthy eating habits as part of the children's daily routine.

## Health and Hygiene

The home placed strong emphasis on preventive healthcare and hygiene awareness. Regular health check-ups were conducted in collaboration with medical professionals, covering dental, dermatological, general, and eye health screenings. These routine examinations ensured early detection and timely treatment of health issues. In addition to medical care, structured personal hygiene sessions were held for the boys, where they were educated on cleanliness practices such as regular bathing, handwashing, nail trimming, and oral hygiene. These sessions fostered a sense of self-responsibility and promoted lifelong healthy habits.

## Achievements

Among individual achievements, Druva, a student in the 3rd standard, earned first prize in a storytelling competition held at the Cluster Level Kalika Habba Festival. His performance reflected not only creativity and confidence but also the nurturing environment that encourages every child at the home to explore and express their talents.

## Sports

Understanding the importance of physical activity in a child's development, a dedicated playground area was established at the home. A variety of sports activities such as Kho-Kho, volleyball, and football were introduced to promote teamwork, discipline, and fitness. These sessions were not only recreational but also instrumental in developing coordination, resilience, and camaraderie among the boys. The structured physical training reinforced the value of sportsmanship and a healthy lifestyle.

Education remained at the heart of Sankalpa Makkala Dhama's mission. The boys were provided with regular academic support through remedial classes, access to learning materials, and personalized tutoring. This ensured that each child could keep pace with school requirements while also strengthening foundational knowledge. Special emphasis was placed on life skills sessions, which covered areas like career guidance, goal setting, communication, and emotional intelligence.

Additionally, an IQ testing initiative was conducted to better understand each child's learning needs and tailor educational interventions accordingly. A Nali Kali Room was also set up to promote joyful, interactive learning for younger children. These efforts aimed to make learning engaging and child-centric, promoting both academic and personal growth.

## Extracurricular Activities

To foster creativity and provide well-rounded development, the boys engaged in a wide range of extracurricular activities. Art and craft sessions allowed them to express their imaginations through painting, drawing, and model-making. One particularly memorable initiative was a bicycle-making workshop conducted by corporate volunteers from Wells Fargo. In this interactive activity, the boys had the opportunity to assemble and ride their own bicycles, promoting both practical skills and joy.

Dance and music sessions were also organized regularly, giving the children a platform to explore rhythm, movement, and self-expression. These artistic activities helped boost the boys' self-esteem, encouraged group participation, and provided avenues for emotional expression.

## Infrastructure Development

To enhance the living conditions and hygiene standards at the Boys' Home, significant infrastructure development was undertaken with the generous support of partnering organizations. A new kitchen facility, complete with a dedicated store room, was constructed to ensure safe and efficient meal preparation and storage. In addition to the kitchen, a total of eight modern toilet units were built to meet the growing sanitation needs of the residents. Of these, four toilets were constructed with the support of Plansource Company, while the remaining four were funded and facilitated by the Open Door Foundation. These improvements have significantly enhanced the hygiene, privacy, and daily comfort of the children and staff alike.

The entire development initiative began with a traditional Bhoomi Pooja ceremony, symbolizing a positive beginning, community support, and cultural continuity. This collective effort reflects a deep commitment to creating a clean, functional, and child-friendly environment where the boys can grow with dignity, health, and well-being.

## Celebrations

Cultural and national celebrations were observed with great enthusiasm and participation. Festivals like Mahashivaratri and Pongal were celebrated with traditional rituals, decorative activities, and special festive meals, helping the children connect with cultural heritage and community spirit. Republic Day was commemorated with patriotic songs, speeches, and performances by the boys, instilling a sense of national pride and civic awareness. These celebrations provided joyful moments, strengthened cultural identity, and promoted unity within the home.

## Outings

Recognizing the importance of recreation and social bonding, the home organized a refreshing picnic to Chikkanagamangala Park. This outing allowed the boys to enjoy nature, play freely, and build friendships outside the structured environment of the home. Such excursions offered a valuable break from routine, boosting morale and providing new experiences that contribute to the children's emotional and social development.

## Programme 2: Family-Based Care

Through our Family-Based Care program, we support vulnerable children and families from marginalized communities and those living below the poverty line. The initiative provides educational assistance, counseling, motivational support, and personality development to ensure children can thrive within a family environment. Whenever possible, children are reintegrated with their biological or extended families recognizing that stable, nurturing homes are essential for their well-being.

This year, we successfully reintegrated 10 children who had previously lived in Child Care Institutions. These transitions were made only after careful assessment confirmed that their families could provide a safe, secure, and stable environment. Post-reintegration, we continue to offer support to both the children and their caregivers, ensuring the child's long-term growth and stability within the family setting. Additionally, for children placed for adoption, comprehensive records are maintained to safeguard their future well-being.

### 01 Essential Nutrition through Dry Ration Distribution

As part of the Community-Based Care Programme, efforts were made to directly support vulnerable families and ensure that children could thrive within a family environment. One of the key interventions was the distribution of dry ration kits to families experiencing food insecurity. These kits provided essential nutrition and helped stabilize households during periods of economic hardship.

### 02 Building Life Skills for Children and Families

Life skills sessions were a core part of the program, benefiting both children and their caregivers. These sessions covered topics such as financial literacy, career guidance, emotional resilience, Personal Hygiene, POCSO, Child Marriage, Child labour and personal development. By addressing both immediate and long-term needs, the sessions equipped families with tools to improve their livelihoods and foster healthy family dynamics.

### 03 Strengthening Support through Home Visits

To ensure consistent and personalized support, regular home visits were conducted by the outreach team. These visits allowed for close monitoring of each child's well-being, providing an opportunity to assess living conditions, identify challenges, and offer necessary interventions. They also helped build trust between families and care providers, fostering a sense of community-based partnership.

### 04 Community Health Interventions and Camps

In addition, health camps were organized to ensure the physical health of both children and their families. These camps offered free consultations and check-ups, contributing to early detection of illnesses and improving access to healthcare services.

## 05 Children's Committee for Participatory Engagement

A Children's Committee was also initiated to ensure that children's voices were heard and that their rights and needs were represented in decisions affecting their care. Through these collective efforts, the Family-Based Care program created a nurturing and sustainable environment for children to grow and thrive within their own communities.

## Children Supported Under Family Based Care

Name of Children	Parents	Age	Class	Address/School
Chaitanya	Rani	13 Year	9th Std	Bammanhalli Bangalore
Ishwarya	Malamma	13 Year	9th Std	Huskur hate Sampige Nagar Bangalore
Narasamma	Malamma	9 Year	6th Std	Huskur hate Sampige Nagar Bangalore
Deepa .B	Bhimappa	14 Year	7th Std	#194 RBI Extension Bangalore

Jyothi	Gangamma	11 Year	7th Std	Kasturimma Temple Kemgeri
Anusha	Raji	12 Year	7th Std	#194 RBI Extension Bangalore

## Programme 3: Savitribai Phule Community Care Learning Centre

Sanrakshan is operating a Savitribai Phule Community Care Learning Center with the primary objective of supporting children from the Kolebasava community who have dropped out of formal schooling. This initiative is designed to provide bridge courses and remedial education that address learning gaps and bring these children up to the academic level required for re-entry into mainstream schools. The focus is not only on academic catch-up but also on building the confidence and motivation needed for children to resume and sustain their formal education journeys. Through structured and child-friendly learning methods, the center aims to create a safe and encouraging environment where each child can learn at their own pace.

### Educational Enrichment for Marginalized Children

The Rainbow Community Care Learning Centre in Rayasandra is committed to meeting the educational needs of children from the Kole Basava community, with a special focus on those who have dropped out of formal education. Operating since January 2022, the center employs a dedicated teacher and provides structured bridge courses and remedial classes aimed at successfully reintegrating children into mainstream government schools. In addition to supporting school re-entry, the center offers after-school remedial sessions that emphasize academic development and essential life skills such as communication, hygiene, and decision-making.

To ensure continued progress, periodic educational assessments are conducted for all children, allowing the team to tailor learning strategies to individual needs. Moreover, children are provided with necessary stationery materials, which further enables their participation and engagement in learning activities. The center has also witnessed encouraging success stories, including the reintegration of school dropouts and the transition of students into higher education.

### Life Skills Development and Volunteer Engagement

Recognizing that holistic education extends beyond academics, the Centre emphasizes life skills development. Regular sessions cover physical, emotional, social, intellectual, and creative growth. These efforts are supported by volunteers from organizations such as Doctors for seva, Gubbachi and employee of deloitte, who conduct interactive math classes, Dance Classes yoga, and life skills activities. These volunteer-led sessions enhance academic understanding while supporting mental well-being and creativity.

To nurture individual talents and interests among the children, extracurricular activities are organized regularly. Collaborations with local organizations help to provide additional resources and opportunities that promote the all-round development of every child.

## Celebrating Culture and Heritage

Cultural inclusion is an integral part of the Centre's learning approach. Festivals such as Pongal and Christmas are celebrated with enthusiasm and participation from children in traditional rituals and cultural performances. These celebrations help foster a sense of identity, inclusivity, and community spirit. A particularly significant event is the annual commemoration of Savitribai Phule's birth anniversary. The program includes educational plays, speeches, and the distribution of learning materials, inspiring children by honoring the legacy of a pioneer in girls' education.

## Strengthening Child Protection Mechanisms

To ensure a safe environment for every child, the Centre has established a Community Child Protection Committee (CCPC) in Rayasandra. This committee brings together parents, guardians, and community members to actively monitor child protection issues and raise awareness about children's rights. Regular orientation sessions are held for children to educate them about the functions and importance of the committee.

In the last year, the CCPC successfully identified two school dropouts, both of whom were counseled and reintegrated into school. These interventions highlight the committee's effectiveness in providing timely support and advocating for child welfare at the grassroots level.

## Empowering Families through Parents Collectives

Parents Collectives have been established as vital platforms for community engagement. These groups aim to empower families by educating them on children's rights, entitlements, and parenting practices. Orientation sessions conducted through these collectives equip parents with information on obtaining essential documents such as Aadhaar cards, bank accounts, voter IDs, pensions, and ration cards. The program also facilitates access to government schemes that enhance household stability and child welfare.

Importantly, parents have been sensitized on legal frameworks such as the Child Marriage Act. These awareness sessions emphasize the risks associated with child marriage, the importance of continuing education—especially for girls—and encourage open conversations within families. This proactive legal education aims to foster a safe, informed, and supportive environment for children's growth.

# Dental and Eye Health Interventions for Families & Children

To address health disparities, multiple health and wellness camps were organized

A Dental Health Camp, in collaboration with Doctors for Seva and The Oxford Dental College, provided free dental screenings, extractions, and hygiene education to children and community members. Children learned brushing techniques, dietary advice for preventing cavities, and the value of regular dental check-ups.

An Eye Screening Camp was conducted on August 4, 2024, in partnership with Doctors for Seva, Shradha Eye Care, and Gift A Sight. Held at GR Homes in Rayasandra, it screened 85 community members. Four individuals diagnosed with cataracts received free surgeries, and five students with vision impairments were referred for further intervention. This initiative played a crucial role in preventing academic setbacks and improving overall quality of life.

By offering comprehensive health services, including both dental and vision care, the Centre ensures that children's physical well-being is given as much importance as their education and emotional health.

## Identity Access Through Aadhaar Card Camp

With the support of Gubbachi NGO, an Aadhaar Card Camp was held at the learning center. This initiative ensures that every child and community member has access to a unique identification, enabling them to avail various government services. The camp provided on-site assistance for new enrollments and updates, reinforcing the importance of legal identity in social inclusion.

## Programme 4: Future Programme for young adults

The Future Program at Sanrakshan Rainbow Home is a youth-focused initiative aimed at preparing young adults for a confident and independent transition into adulthood. By providing essential life skills, career guidance, and real-world exposure, the program empowers participants to make informed decisions about their futures. Carefully curated exposure visits serve as a cornerstone of this effort, broadening their perspectives and introducing them to a wide range of educational and professional opportunities.

### Building Aspirations and Readiness for Adulthood

As part of the Future Program at Sanrakshan Rainbow Home, a series of thoughtfully planned exposure visits were organized to inspire and guide young adults as they prepare for life beyond care. Visits to institutions such as Azim Premji University, HAL Heritage Centre and Aerospace Museum, Kantara Company, IDFC Bank, and the Adobe Corporate Office offered valuable, firsthand insights into diverse fields including higher education, technology, engineering, finance, and the creative arts. These immersive experiences enabled the youth to explore real-world career paths, spark personal interests, and better understand the educational journeys required to reach those goals.

Additional visits to the Post Office and extended sessions at Azim Premji University deepened their awareness of public service systems and campus life, further nurturing curiosity and long-term aspirations. Through these impactful experiences, the Future Program continues to build a strong foundation of confidence, self-reliance, and informed decision-making, equipping young adults with the vision and readiness needed for a successful transition into adulthood.

## Empowering Young Adults through Life Skills Training

At Sanrakshan Rainbow Home, a series of life skills sessions were conducted to prepare young adults (ages 15–18) for a confident and independent future. These sessions focused on career readiness, communication, financial literacy, cyber safety, emotional intelligence, and navigating adult responsibilities. A highlight was the Job Readiness Workshop conducted by Rainbow Foundation India in collaboration with Bajaj, where participants learned essential skills like communication, leadership, and professional behavior through interactive activities.

The Smile Foundation, with volunteers from Accenture, facilitated a career guidance and communication workshop, offering insights into career pathways, resume building, and job market navigation. A separate session on government exams and job applications provided practical guidance on application procedures, resume writing, cover letters, and interview preparation.

Additionally, the "Money Matters" session by Rainbow Foundation India introduced financial literacy concepts, including budgeting, saving habits, and basic banking, empowering youth to manage their finances effectively. Together, these initiatives are equipping young adults with critical life skills, boosting their confidence, and helping them make informed decisions as they transition into adulthood.

## Facilitating Access to Higher Education

Efforts were actively undertaken to support college admissions for eligible young adults, with the aim of promoting uninterrupted access to higher education and enhancing their future prospects. The team provided guidance throughout the admission process, including helping students identify suitable courses, gather necessary documents, and complete application procedures. Recognizing that access to education alone is not sufficient, additional steps were taken to ensure these youth had stable and secure living arrangements. As part of this initiative, five young adults were successfully placed in a government hostel, offering them a safe, structured, and supportive environment. This living arrangement not only enabled them to continue their academic journey with focus and confidence but also provided them with a sense of independence and belonging as they worked toward achieving their long-term personal and professional goals.

# GOVERNANCE & ADMINISTRATION

## Governing Board Meetings: Strategic Oversight & Forward Planning

Sanrakshan's Board meetings in April, October, and March focused on annual reviews, financial approvals, compliance, and strengthening governance.

Date	Key Discussion Points	Resolutions Passed	Suggestions from Board Members
27 April 2024	<ul style="list-style-type: none"> <li>- Annual review of operations, finances, and project progress</li> <li>- Strategic planning for 2024–25</li> <li>- Addressed organizational challenges and opportunities</li> <li>- Focus on fundraising capacity among board members</li> </ul>	<ul style="list-style-type: none"> <li>- Acceptance of Annual Report (2023–24)</li> <li>- Acceptance of Audit Report (2023–24)</li> <li>- Appointment of Chartered Accountant for 2024–25 and fixation of remuneration</li> <li>- Authorization for Secretary to file annual returns and apply for registration renewal with the Registrar of Societies</li> </ul>	<ul style="list-style-type: none"> <li>- Mr. Saurabh to organize and train board members on fundraising strategies</li> <li>- Mr. Saurabh encouraged active social media presence</li> <li>- Mr. Ramanath suggested exposure visit to Govt. CCI and creating a short video of children's activities</li> </ul>
19 October 2024	<ul style="list-style-type: none"> <li>- Reviewed program impact and new goals</li> <li>- Focused on enhanced child welfare strategies and CSR opportunities</li> <li>- Emphasis on transparent governance and resource alignment</li> </ul>	<ul style="list-style-type: none"> <li>- Resolution to open a new bank account for Sankalpa Makkala Dhama (in memory of Late Sri V Raman), with signatories: Mr. Rajashekhar, Mr. Shamboling Khot, Ms. Sindhu P M (any two to operate)</li> <li>- Approval of proposal for a new building at Govt.School, Chikkanagamangala through CSR/donors</li> <li>- Approval to partner with Borg Warner for solar panel installation at Sanrakshan Rainbow Home, including design and maintenance support</li> </ul>	<ul style="list-style-type: none"> <li>- Need for renaming the Boys Home to a more suitable and appealing title to improve fundraising potential</li> </ul>
1 March 2025	<ul style="list-style-type: none"> <li>- Need for restructuring Governing Board to 8 members as per FCRA/MoA</li> <li>- Discussion on new appointments to strengthen governance</li> <li>- Review of compliance-related updates including FCRA and MoU revisions</li> </ul>	<ul style="list-style-type: none"> <li>- Approval of proposed new Board members: Ms. Bharti Devi, Ms. Ambika Savitry, and Dr. Manjula Nirupama H. S.</li> <li>- Formation of new signature panel for bank account: Mr. Rajashekhar, Mr. Shamboling Khot, Ms. Ravikumari C (any two to operate)</li> <li>- Acceptance of resignations of outgoing Board members</li> </ul>	<ul style="list-style-type: none"> <li>- Mr. Rajesh Saini suggested involving District Legal Services (DLS) for legal advisory support in child protection and compliance matter</li> </ul>

# EXTERNAL VISITS AND MEETINGS

Visitor(s)	Designation	Organization/ Purpose of Visit	Key Highlights
Ms. Bharathi Devi	District Child Protection Officer Central Division	Monitoring and appreciation visit	Reviewed operations, praised maintenance and child welfare work
Infosys Volunteers	Infosys Foundation	Interactive session and engagement	Held activities, shared experiences, and conducted educational sessions
Mr. Aroon Raman	Individual Donor	Review and support commitment	Promised financial support for better living and education facilities
Yamaha Riders	Yamaha Motorbike Group	Motivational visit for children	Shared stories, children, encouraged community values
DYPC Officer	Dept. of School Education	Monitoring educational and welfare programs	Assessed curriculum, facilities, and suggested improvements
Mr. Vinoy Ohdar	Programme Director	Feedback session with young adults	Collected feedback to improve program quality
Mr. Logabiraman & Ms. Srilatha	CSR Manager, Hexaware & Senior Program Manager, RFI	CSR visit and education dialogue	Discussed skill-building, scholarships, and digital literacy initiatives
Ms. Ambika Savithri & Mr. Kishor	Alpha-Elsec Aerospace Systems Pvt. Ltd.	Exposure visit	Interacted with staff
Ms. Shruthi	DCPU Yelahanka	Monitoring child protection standards	Evaluated compliance, living conditions, and child well-being
Mr. Michiel Steelman & Mr. Ayub	Netherlands Visitors	Cultural exchange and interaction	Engaged in dancing and joyful activities with children

Climate Change, Hygiene & Advocacy Workshop	KCRO & UNICEF	NGO Representatives	Sustainability, hygiene, child rights advocacy	Encouraged cross NGO collaboration and strategic planning
Life Skills Training (3 Days)	District Child Protection Unit (DCPU)	2 Staff Members	Communication, problem-solving, emotional resilience	Boosted supportive capabilities for child care
Strategic Planning for the Next 3 Years	Sanrakshan	All Staff	Vision setting, goal alignment, operational strategy	Strengthened future roadmap and internal clarity

# Well Wisher's Testimonials

Alpha Elsec Aerospace Defence and Systems Private Limited has been privileged to support Sanrakshan through our CSR initiatives over the past three years. During this time, we have closely witnessed their unwavering dedication to improving the lives of vulnerable children. I have personally observed the incredible impact of their work - from providing essential resources to creating a nurturing, safe, and empowering environment for children who need it most. Their efforts go far beyond basic support; they build hope, instill confidence, and lay the foundation for a brighter future. It fills us with immense pride and deep satisfaction to be associated with such a noble cause. Alpha Elsec remains committed to strengthening this partnership and extending our support in the years ahead. We wholeheartedly believe in Sanrakshan's vision and are confident that together, we can make a lasting and meaningful difference in the lives of many more children.

**Raja Panduranga**

Smile Foundation is humbled and proud to support Sanrakshan in its mission to provide a safe, nurturing space for children, while strengthening education and learning through its shelter homes. Over the years, we've witnessed the organisation's unwavering commitment to ensuring care, protection, and learning support for vulnerable children. The dedication of Sanrakshan's team-including teachers, caregivers, counsellors, and the management. is truly inspiring, reflecting deep compassion and a strong sense of purpose. Seeing the children's cheerful faces is a testament to the happy, secure, and enriching environment they are growing up in. We value this meaningful partnership and look forward to continuing our shared journey of empowering children and building responsible citizens of tomorrow. Wishing Sanrakshan continued success in expanding its reach and impact.

I recently visited Sankarshan's Rainbow Girls Home, and I was truly impressed by the incredible work they are doing. Identifying beneficiaries in need of protection from vulnerable situations, rescuing them, and bringing them to a safe location is no easy task. Furthermore, providing these girls with holistic support, including formal education, healthcare, and overall well-being, is truly commendable. I wish them all the success and hope they continue to grow and reach greater heights. May we, as a society, strive to eliminate such vulnerabilities and ensure everyone has a positive journey in life.

PlanSource is collaborated with sanrakshan from the past 2 years through our Corporate Social Responsibility (CSR) initiatives. Our partnership has been rooted in a shared vision to create a meaningful impact in the lives of vulnerable children. Recently, we had the opportunity to visit Sanrakshan's center and experience firsthand the incredible work they are doing. It was truly a heartwarming and inspiring visit. Seeing the smiles on the children's faces, observing their improved health, and witnessing their energy and activeness reaffirmed our belief in the importance of supporting such causes. The experience filled us with immense pride and strengthened our commitment to this partnership. The positive changes we saw not only touched our hearts but also energized our confidence to extend even greater support in the future. We at PlanSource are honored to be part of Sanrakshan's journey and are excited to continue contributing to their noble mission.

Sanrakshana Rainbow Home is a beacon of hope for young girls, creating a nurturing environment filled with care, dignity, and opportunity. We at Bharavase were privileged to join hands with them for a few meaningful activities, and witnessing their commitment up close was truly inspiring. Their work is not just about shelter—it's about shaping brighter futures with compassion and purpose.

# ● The Glory of our little Champs ●

## CASE 1

### DOULABI - The girl with unwavering spirits

Coming from a dysfunctional family watching her mother being abused by the father all the time, this girl never gave up on her resilience. Migrated and settled in Bangalore, this child and her siblings lived experiencing trauma and saw dysfunctional family dynamics. Father is alcohol dependent and would physically abuse the wife. Doulabi being the oldest daughter has witnessed the suffering in her home. The mother took a stand, and parents separated.

Doulabi and her sisters are with the mother, she works as a domestic help. The family's living condition is poor and initially faced issues of safety and protection as the mother lived in a tin shed near construction sites. The only breadwinner to her four daughters, she struggled to provide basic necessities to the children. The child has three younger sisters who are admitted with her in Sanrakshan Rainbow Home. She found this a blessing to change her life, uses all the chances and opportunities to learn, grow and achieve.

Doulabi is a highly empathetic and compassionate girl. She is kind and loves to help others. She is caring and respects people of all ages. Honest and an excellent child, she always takes a lead.

A determined and hard working girl, Doulabi is always focused on her goals. The child is outstanding in studies and is expected to get a rank in her board exams. She has good communication skills and is very well behaved. Her aptitude and attitude are full of resilience and making everyone proud of her.

## CASE 2

### RAKSHITA – The R stands for Resilience in her name

An orphan who witnessed abuse and murder of her mother while going through traumas herself. The child has had an extremely traumatic childhood. An orphan, found on the streets of Bilekahalli used to do rag picking. Her father died due to illness while the mother was sexually abused, beaten up and murdered by a scrap shop owner and his brother. The mother died in front of her kids on the street.

Rakshita was 9 years old then. After her mother's death, another woman who is the sister of the accused living there took the children away and made them work to earn money. Rakshita has three siblings, of which the older sister had an abusive child marriage, and stayed in shelter home along with her child as a FIR case was registered against the abusive man and the case concluded in the family court making amends for reconciliation. The second sister is mobilized at another CCI pursuing her higher education while there's no news about her younger brother. The child was terrified when she first came here. She then slowly started mingling with other children while feeling safe and began developing interest reaching her fullest potential. Sanrakshan Rainbow Home became her home, her safe haven.

Rakshita is very happy and settled here and has grown to be a very empathetic and responsible girl. She is extremely creative and talented, loves to help and support others going the extra mile. She not only is good in her academic performance but is active in all extra curriculars. Mature, wise, responsible and resilient for her age, this little hero always goes out of her way and prioritizes others' happiness.

Her never give up spirits are her way to being the courageous young hero she is!

## CASE 3

### ESHWARI – Beacon of hope and strength

The child was extremely aggressive and had problematic behaviours when she first came to Rainbow homes. She has 5 siblings and comes from a very poor background. Her biological father had abandoned the family. The children lived with their mother and her partner. Eshwari at very young age lost her mother to alcoholism and soon after this, the stepfather took care of them, until unfortunately within a few months even he passed away. No one was there to take care of the children due to which they moved to their uncle's house. But the uncle's wife was not okay and would mistreat them, because of which the children were not happy living with the uncle and were referred into childcare shelter. The children stayed in another CCI before coming here. They sent Eshwari back home because she was aggressive. Nobody wanted to keep the child.

When Eshwari and her younger sister finally stepped into Sanrakshan Rainbow Home, they were provided the right support that led to holistic growth and wellbeing. Initially Eshwari's behavior seemed unusual and was difficult to handle. The child was diagnosed with a mental health condition that was responsible for all her mood swings and aggressive behaviours. All the necessary treatment for a brief course period was obtained. She now has suitable intervention plans made for her health which she follows and has worked on herself excellently. She has managed to regulate her emotions while being self-aware and wise. You wouldn't know she's the same Eshwari who once exhibited problematic behaviours! Proving her calibre, a lot of positive change was seen in Eshwari as she used her glimmers as her strength to challenge every obstacle her way and go on achieving. She performs well in academics, is super active, is responsible and understanding. She is bold, talkative and loves to build on her interests. She dreams big and says - "You can do anything you set your mind to" making her way through as she is committed to her aspirations.

## CASE 4

### ALIZAH – The Little Warrior's Strength Beyond Her Years

The four children, Alizah and her brothers live with their father as their mother's mental health struggles have significantly impacted their lives. The children have experienced substantial trauma and emotional distress caused by her intermittent outbursts and instability. Alizah's mother undergoes frequent rehabilitation due to her illness and this has made her overly protective and restrictive towards her children preventing them from going away from her which even meant not being allowed to attend school. Alizah's aware of their family's challenging situation. The children struggled when they were with their mother, who would often take them to a place and would keep them there without proper care. It would be Alizah who would call her father and recite the address, hoping to be rescued while she would take care of her sibling until the father would arrive to take them back home.

The mother would sleep for days, neglecting their basic needs like food and hygiene. The children would be hungry and wouldn't bathe for days. Alizah, stepping up in her mother's shoes would be a caregiver to her mother and the little brothers. Irregular to school during those hard times, Alizah still is competent in academics and the extra curriculars. When she came to Sanrakshan Rainbow home, within no time she adapted very well to this new place. She made friends quickly and would study together with them. She has leadership qualities and a gentle yet assertive way to lead, this comes with a lot of maturity and compassion. She works hard and is well focused on her goals. She promptly and independently does all her work and also makes time to help other children younger than her. She is a sweet, caring child who always wears a bright smile on her face exhibiting strength and resilience as her way forward.

## CASE 5

**NANDINI - Smiling through the storm, becoming her best version with Grace, Grit and Growth**

Nandini comes from a dysfunctional household. The parents migrated to Bangalore along with children in search of work and a means to earn for their survival. They currently live in Peenya, in a slum. The father is alcohol dependent and uses his daily wage to buy liquor. He does not contribute to the house expenses and abuses the wife. Both children have witnessed domestic violence in their home. The home atmosphere is extremely unsafe and traumatic. Her mother has always been concerned about Nandini's safety and providing her children with a good life. Nandini didn't get regular schooling until she came to Sanrakshan Rainbow Home. She now finds herself working hard towards learning academics and tries to perform well in class.

She loves dancing and participating in extra curriculars. Initially Nandini used to get bullied by her peers, laughed upon and targeted for her appearance, looks and for not knowing even the basics of ABCs. She would constantly be mocked for and made to feel bad. Nandini being bullied by other children yet would hold a big smile and still try to help others although not appreciated for her efforts. She would always be kept away from joining play groups with other children as they'd not let her participate even though instructed by staff to let play along and be a part.

This little girl never gave up. She worked her way to be the best she could with grace, with kindness. She would be kind to those who's who hurt her. She would still lend a helping hand to those that put her down. Nandini wears her heart on her sleeve! She'd always look forward to her counseling sessions. She worked on her hygiene practices, her way of keeping herself tidy in appearance, learned her math and class lessons, made herself self-sufficient. This she did not because she had to prove a point to her peers. This she did to stand up for herself and reach her fullest potential – that she knew resides within her.

## Testimonial of Staff

“

Working at Sanrakshan Rainbow Home for the past four years has been one of the most enriching and fulfilling experiences of my professional life. Not a single day has felt dull or ordinary-every moment spent with the children has been a lesson in love, resilience, and hope.

The children here are incredibly sweet, friendly, and humble. Despite the challenges they've faced, their unwavering spirits, contagious smiles, and pure hearts never cease to inspire me. Their innocence and openness have taught me the true meaning of gratitude and helped me grow not just as a professional, but as a person.

Sanrakshan Rainbow Home for me was always more than just a workplace- a vibrant space filled with warmth, laughter, and strength. I feel truly privileged to be a part of their journey and deeply grateful for the opportunity to contribute to a space that nurtures healing, growth, and boundless potential.

**Umaina Hafeez Hemanth, Counseling Psychologist**

“

My journey with Sanrakshan began two years ago, and from my very first visit, I was deeply inspired by the organization's powerful mission and unwavering commitment to rescuing, protecting, and empowering girl children. What moved me most was the holistic approach-focusing not just on education, but also on extracurricular activities that nurture confidence, creativity, and independence.

When I joined, I was new to the NGO sector. But thanks to the trust, guidance, and countless learning opportunities Sanrakshan provided me, I've grown into a confident professional passionate about this field. Each day here has been a learning experience, filled with purpose and growth. I am forever grateful to Sanrakshan for shaping my journey, believing in my potential, and allowing me to be part of a mission that truly transforms lives.

ನಾನು 2022ರ ನವೆಂಬರ್ 1ರಿಂದ ಸಂರಕ್ಷಣಾ ಸಂಸ್ಥೆಯಲ್ಲಿ ಹೋಂ ಮ್ಯಾನೇಜರ್-1 ಅಗಿ ಕಾರ್ಯನಿರ್ವಹಿಸುತ್ತಿದ್ದೇನೆ. ಕಳೆದ ಎರಡು ವರ್ಷಗಳಲ್ಲಿ ಅವಧಿಯಲ್ಲಿ ಈ ಸಂಸ್ಥೆಯಲ್ಲಿ ಸೇವೆ ಸಲ್ಲಿಸುತ್ತಿರುವುದು ನನಗೆ ಅತ್ಯಂತ ಸಂತೋಷದಾಯಕ ಮತ್ತು ಆತ್ಮಪೂರ್ವಿಕರ ಅನುಭವವಾಗಿದೆ.

ನಾನು ಈ ಸಂಸ್ಥೆಯಲ್ಲಿ ನೀಡುತ್ತಿರುವ ಪ್ರಮುಖ ಸೇವೆಗಳಲ್ಲಿ ಮಕ್ಕಳ ಎದುರಿಸುತ್ತಿರುವ ಸಮಸ್ಯೆಗಳನ್ನು ಅರ್ಥಮಾಡಿಕೊಳ್ಳಲು ಆಗ್ರಹಿಸುತ್ತಿರುವುದು ಆಗಿದೆ. ಮಕ್ಕಳ ಮನೆಗಳ ಬೇಟಿಗಳು, ಮಾರ್ಗದರ್ಶನ, ಆರೋಗ್ಯ ತಪಾಸಣೆಯ ವ್ಯವಸ್ಥೆ, ಪೌಷ್ಟಿಕ ಆಹಾರ, ಗುಣಮಟ್ಟದ ಶಿಕ್ಷಣ, ಮತ್ತು ಮಕ್ಕಳ ಸಮಗ್ರ ಅಭಿವೃದ್ಧಿಗೆ ಅಗತ್ಯವಾದ ಎಲ್ಲಾ ಅವಕಾಶಗಳನ್ನು ಕಲ್ಪಿಸುವ ಕಾರ್ಯಗಳು ಸೇರಿವೆ.

ಮಕ್ಕಳನ್ನು ಸ್ವಾವಲಂಬಿಗಳಾಗಿ ರೂಪಿಸುವುದು, ಉತ್ತಮ ಪ್ರೋಫೆಕರ್ಲೋಂದಿಗೆ ಬಾಂಧವ್ಯವನ್ನು ಬೆಳೆಸುವುದು ಮತ್ತು ಮಕ್ಕಳ ಸ್ವೇಚ್ಛೆಯ ವಾತಾವರಣವನ್ನು ಸ್ವಾಧೀನಿಸುವ ನಿಟ್ಟಿನಲ್ಲಿ ನಾನು ನಿರಂತರವಾಗಿ ಶ್ರಮಿಸುತ್ತಿದ್ದೇನೆ. ಈ ಸೇವಾ ಕ್ಷೇತ್ರದಲ್ಲಿ ನನ್ನ ಪಾತ್ರದಿಂದ ನಾನು ಅತ್ಯಂತ ಗಮಿಣತಾಗಿದ್ದೇನೆ.

**Shobha T., Home Manager**

## Key Supporters and Collaborating Partners of Sanrakshan

Rainbow Foundation India is a committed Indian non-governmental organization that runs the Rainbow Homes Programme across several cities, including Bangalore, in partnership with Sanrakshan. RFI has played a pivotal role in supporting Sanrakshan over the past four years, contributing approximately 60% of the overall funding. Beyond financial assistance, RFI provides continuous technical guidance, capacity-building support, and strategic direction, enabling Sanrakshan to successfully implement child protection and development programmes focused on vulnerable children, particularly boys.

Infosys Foundation, the philanthropic arm of Infosys Limited, is renowned for its impactful work in the fields of education, healthcare, arts and culture, rural development, and disaster relief. The foundation recently partnered with Sanrakshan to support the holistic development of children residing in its Child Care Institutions. This includes initiatives that address educational enrichment, emotional and psychological well-being, physical health, and skill-building, thereby ensuring an all-rounded growth environment for vulnerable children.

Alpha-Elsec is a specialized company engaged in the research, development, manufacturing, assembly, and installation of advanced defense electronics, avionics, and satellite systems. Over the last three years, Alpha has generously supported Sanrakshan by funding key child welfare needs, including nutritional supplements, educational expenses, and healthcare provisions. Additionally, Alpha contributed significantly to the purchase of a vehicle used exclusively for transporting children safely for medical checkups, educational activities, and excursions.

Accel is a globally recognized venture capital firm known for investing in high-potential companies and entrepreneurs from the seed stage through growth. For the past three years, Accel has been a steadfast partner of Sanrakshan, supporting the daily needs of children—particularly in the areas of nutrition, education, healthcare, and holistic development. Their contributions have strengthened the institution's ability to provide a stable and enriching environment for all the children under its care.

PlanSource is a leading provider of cloud-based benefits administration solutions designed to support modern employee benefits strategies. Over the past two years, PlanSource has extended support to the children of Sanrakshan through various initiatives. Their contributions have included nutritional and educational support, as well as financial aid for the infrastructure development of Sankalpa Makkala Dhama, a dedicated Child Care Institution (CCI) for vulnerable boys.

Sineng Electric is a key player in the solar power sector, offering end-to-end solutions for solar installations across their full lifecycle. For the past three years, SEIPL has provided generous financial grants to Sanrakshan, supporting children's nutritional, educational, and health-related needs. Their support has helped ensure that children in care receive a balanced diet, quality education, and timely healthcare services.

Smile Foundation is a national-level development organization that empowers underprivileged children and youth through education, healthcare, and livelihood initiatives. The Foundation has been supporting Sanrakshan through partial remuneration for teachers working in both Child Care Institutions (CCIs) and Rainbow Community Child Learning Centres (RCCLCs). In addition, Smile Foundation has granted catalytic funds to assist in infrastructure improvements, thereby enhancing the learning and living environment for children.

Anmol Swarn, a contemporary and socially responsible jewelry brand based in South India, has contributed funds specifically aimed at supporting the educational needs of the children at Sanrakshan. Their support reflects their commitment to giving back to the community and uplifting the next generation through education.

BorgWarner, a global leader in sustainable mobility solutions, extended its support to Sanrakshan Rainbow Home by funding the installation of a solar energy system. This green energy initiative has greatly reduced the home's dependence on conventional electricity, improved energy efficiency, and supported an environmentally sustainable infrastructure. The solar panel installation has helped lower energy costs, ensuring more resources can be directed toward the welfare and development of children.

Sri. Aroon Raman

**Sri. Aroon Raman** is a distinguished entrepreneur, investor, and author with a strong background in technology and innovation. He has successfully built and exited two companies and serves on the boards of several leading organizations. Over the years, he has increasingly focused on supporting social impact initiatives across India.

Mr. Raman sir has been a key pillar of support for Sanrakshan, especially in the establishment of Sankalpa Makkala Dhama. His unwavering commitment, financial backing, and strategic guidance have been instrumental in shaping a safe, nurturing space for vulnerable children.
